Technik für Möbel

Hettich

"Details are worth their weight in gold."

Purchasing any item of furniture begins with wishes: for individual design, more comfort and convenience or new storage ideas. Take advantage of product solutions from Hettich: we are your source of ideas, create added value and give your furniture fascinating solutions, practical convenience and versatility. Fascinated by solutions. We call it Fascin[action].

"My favourite look is one that's unique."

Expressing personal lifestyle will become increasingly important in the future. Not only furniture but also fittings express individual personality. Urban lifestyle environment or Tuscan flair: whatever you like is in vogue. Your customers are looking for furniture with a specific focus on customisability. Follow the megatrend of customisation with AvanTech YOU.

"Life's too short to live
in a dreary home."

Never before has it been easier to focus on customer preferences: AvanTech YOU lets your customers configure the drawer in exactly the way they want it to be.

"Away with convention,
give me freedom."

Whether for use in the bathroom, living room or kitchen – every wish for a unique look is easily fulfilled with the broad diversity of this product range and the many different ways of creating furniture that speaks individuality.

"My face says everything about the way I want my home to be and look."

The concept provides a huge amount of design flexibility in terms of colour, shape and material, giving you the key to successfully turning your own furniture design ideas into reality. This will inspire your customers and set you apart on the market.

DESIGN INNOVATION

AvanTech YOU fascinates! In a width of only 13 mm, the style is uncompromisingly sleek. Where working components innovatively vanish into the slender drawer side, purist design is set off with stunning effect.

Here, there are no cover caps or holes to spoil the look of flawless beauty. The fitting deliberately recedes into the background and blends in with furniture as a design element.

CREATIVE FLEXIBILITY

Sophisticated, open, extravagant or rather reserved? Incredibly easy to achieve with AvanTech YOU, whatever personal character you want a design to reflect is a matter for you to decide.

With a simple click, designer profiles or DesignCapes conjure an accentuated, visual transformation.

Elegant glass panels for the Inlay drawer side profile do away with the boundaries between space and furniture and focus the eye on furniture design.

With the option of using any chosen materials, your ideas become distinctive solutions that stand apart!

AvanTech YOU interior organisers provide the ideal place for everything. Neat, tidy organisation and optimum view of contents in an instant.

Clean cut style needs an elegant way of branding. The customised logo imprint reflects the sleek linearity of design while also making a statement.

AvanTech YOU Inlay

Only the best solutions for personal preferences: whether glass in the standard finish or customised in a wide variety of materials, such as wood, stone or slate. If your material is 10 mm thick, everything goes.

DIFFERENTIATION IN PERFECTION AND CONVENIENCE

The exterior decor simply pushes back. The unique sliding mechanism makes it possible to release the front panel and adjust it both vertically and laterally.

For your safety: after releasing the front panel, it drops into a retained position for easy removal. An intelligent solution, particularly for large, wide front panels.

Use the adjustment capabilities (vertical, lateral and tilt) provided by the AvanTech YOU drawer system to obtain reveal alignment for your front panels. Combined with the right runners and user friendly functions, AvanTech YOU is the ideal choice for your particular application and furniture design.

Invisible working components, perfectly designed drawer side profiles: all the advantages of a system drawer for optimum adjustment and assembly have been integrated into the drawer side profile and are hidden from view behind its immaculate, purist design.

The designer profile on the drawer side not only provides a style element but conceals the drawer tilt adjuster in a way that makes it easy to access from above.

Actro YOU

The runner is the basis for superior, customisable furniture design. It gives furniture absolute perfection you can see, feel and hear.

Quadro YOU

One drawer system, two runners and an identical hole pattern make it possible to create a wide variety of furniture designs for different applications. Furniture is differentiated by a whole range of user friendly functions.

offering more
with less effort"**

Shape tomorrow's furniture world

Do you need specific solutions for your furniture?

AvanTech YOU places the focus on your future business success and reduces customisation to a simple formula: variety with few variances and lean processes. This results in cost effective process optimisation in purchasing, stock keeping, production, assembly and installation, keeping you prepared for the future and giving you flexibility for changes. Use the options available from the AvanTech YOU platform concept to reinforce the design of your furniture as a brand.

"I don't make furniture,
I create design worlds."

Make it your system

Use the many different ways of shaping and customising the design of your furniture. Give your furniture unmistakable character and respond quickly to the latest design trends.

"Our customers have the ideas, we the simple answers."

Solutions that will fascinate you

AvanTech YOU offers you potential savings and opens up opportunities: the platform concept lets you reduce variance and stock components while still maintaining a broad product lineup. Set standards with sleek product design and save time and money while doing so. Use AvanTech YOU to make focusing on customer preferences easy and cost efficient.

"My strength: making individually tailored furniture."

Making you strong

Create superior furniture design and impress your customers with great performance – regardless of the load class. Combine drawers and runners and tap into new market segments with your own application solutions for bathrooms, kitchens, living rooms or shop fitting. Added value for you: processes that are made more efficient, work operations that become unnecessary and the intuitive way in which AvanTech YOU is installed.

HIGH PERFORMANCE IN ALL APPLICATIONS

Differentiation in design, perfection and convenience

Design variety, perfected technology,
numerous user friendly functions and
the AvanTech YOU drawer system's high

load capacity all let you address different
applications with a focus on customer needs.
Application diversity for kitchens, hallways,
bathrooms, bedrooms, living rooms or in
shop fitting.

YOUR PROCESS BENEFITS, YOUR OPPORTUNITIES

DESIGN MEETS FUNCTIONALITY

- All the benefits of a system drawer integrated in the drawer side profile
- Adjustment and assembly system hidden from view behind the drawer side profile's immaculate, purist design
- Design diversity and flexibility from designer profiles, DesignCapes and a variety of inlay materials
- Runner platform for a wide range of applications

PRECISION, SAFE ADJUSTMENT

- Easy vertical and lateral adjustment (unique exterior decor sliding mechanism)
- Safe detachment of the front panel (retaining position)
- Simple, tool-less installation of the front panel
- Easy drawer tilt adjustment with access from above (dual function of the designer profile)

INTUITIVE INSTALLATION

- Convenient, practical rear panel installation (one-dimensional jointing direction)
- No need for any bottom panel machining
- Bottom panel can be screw-mounted or stapled on
- Bottom panel width = rear panel width
- No catches need to be fitted
