

December 2022

A captivating showroom experience

Hettich has unveiled its all-new showroom in the heart of South Melbourne – a harmonious mix of world-class quality brands coming together in a space that brings Hettich products to life.

Designed by Zephyr + Stone, located at 220 Coventry Street South Melbourne, the new space for architects, designers, industry professionals, residential home buyers and renovators provides access to the latest innovations from Hettich. With each display demonstrating a curated collection of Hettich's finest cabinetry hardware fittings, manufactured in Germany.

As you move through pockets of the showroom be immersed in the world of Hettich, from the kitchen to bathroom, wardrobe, laundry, and home office. Distinctly blending to visually represent the quality fittings of a functional working home like environment.

"Melbourne is renowned for their thriving architecture and design community, Hettich was inspired to create an inviting showroom experience that would meet the needs of our customers and to provide the ultimate platform to showcase what is possible with our products. With the new location making it easier for industry and design professionals to access quality cabinetry hardware solutions for their next Residential and Commercial project" *says Martin Gane, Managing Director, Hettich Australia.*

Hettich have proudly partnered with the following leading brands [Zephyr + Stone](#), [Forest One](#), [Cosentino](#), [ADP Australia](#), [Fisher & Paykel](#), [Wattyl](#), and [Yale Home](#) to bring the showroom to life.

The showroom is by appointment and can be booked through the Customer Service Team on 1800 687 789 and is open Monday to Friday, 8:30am – 4pm.

About Hettich

Hettich is passionate about interiors. Hettich Australia is part of an international, fourth generation family-owned business with a heritage spanning over 135 years and a presence in over 100 countries world-wide. Every day, over 6,000 staff around the world take up the challenge of developing intelligent technology for furniture. We help create flawless interiors with high performing cabinetry hardware that can last decades. Because honestly, good furniture fittings really make a difference.

Hettich makes living spaces work beautifully through a wide range of high-quality furniture fittings, including award winning soft close hinge and drawer systems that are backed by a limited lifetime warranty, including the newly released AvanTech YOU drawer system – a revolutionary new drawer offering the ability for complete individualisation!

Additional quality products in the Hettich range include folding and sliding door systems, stylish handles, European designed LED lighting, ergonomic storage solutions
