Hettich Customer Care Service:
In today's fast-paced and technologically advanced era, most of
the organizations succumb to the pressure of staying ahead in
the competition and often, end up neglecting the most critical
aspect of business i.e. CUSTOMERS. Hettich, being a CUSTOMER
CENTRIC organization, is very sensitive towards this tendency;
hence, we constantly try to provide the best and quality driven
products and services.

Free Training Services:
Free Training Services for carpenters of trade partners and
customers
The company’s origins date back to 1888, when Karl Hettich began making the new clock component he had invented. By 1930, his descendants had diversified into furniture fittings, setting up production in East Westphalia—a center of the German furniture industry. Today, Hettich, still family owned, has become an industry leader with a worldwide reputation. We’re one of the world’s largest manufacturers of high-quality furniture fittings, with presence in more than 100 countries. The company’s success has been built on four enduring values: quality, innovation, close cooperation with customers and absolute reliability. We work to inspire our customers with our ideas and our passion.

Hettich is constantly at the forefront of Home Furniture & Door Hardware Solutions. Creating new and innovative products that add style and value to every home. Our products are designed and fitted to exacting standards making them as durable as they are beautiful.

Hettich offers intelligent solutions for every demand in the home – solutions that come with versatility and convenience. In hard wearing, long life quality. Tailored to any situation, and perfect for addressing the latest design trends.
#HOME #APARTMENTSPACES

Modern House have cleverly adapted to rapid social changes with creative solutions. From rethinking Apartment configurations to ensuring highly personalized experiences. Throughout history the residence designs has played a role unlike large projects, which normally require broader societal corporate or political consensus, the apartment or private houses can be realized through the Hettich furniture fittings. It often expresses in the most uncompromising way possible, the vision of a client or an Architect.

In today's world guests expect surprises and where else, but away from home.

Five-star stringent norms even includes silently and soft closing furniture doors that create a peaceful environment. Allowing guests to relax in luxury. Sensys Hinges with integrated soft–closure had no problem meeting this demand. Where there was not enough room to open up hinged wardrobe shutters, TopLine XL provided the designers with a sliding practical solution especially for tight spaces. The requirement for perfectly smooth running action and high loading capacity also followed for all drawers & pull–outs. A brief that Hettich confidently satisfied with Quadro Runners.

The Ideas in this book represents an spectrum of modern furniture trends which supported by Hettich Fittings.

The examples illustrated on the following pages under 6 sections (Bed Room, Kitchen, Living Room, Study Room, Kids Room and Vanity) of apartment show you just how versatile Hettich fittings can be fitted into.

We hope you will find plenty of ideas and suggestions for your own Furniture, interior and houses.

3. LED Wardrobe tube
- Illuminated wardrobe garment rail including electronic ballast wardrobe and rail supports with motion detector
- Can be shortened as required up to 600 mm
- Light switches off automatically after 40 seconds
- Power: Max 5W
1. TopLine 1
- Inset door position
- 2-track, top-running sliding door system
- For wooden doors
- Door weight up to 50 or 75 kg
- Door height up to 2500 mm
- Door width from 500 - 3000 mm
- Door thicknesses 16 - 19 mm
- Optional height adjustment +/- 2 mm
- Tool-less fast installation of the front panel

2. Cargo Pull Out Shelf
- Functional and visually pleasing alternative to wooden shelves, in wardrobes
- Can be mounted with KA telescopic & Quadro runners
- Available in three standard carcass widths- 600, 750 & 900 mm & available depth- 500 mm
- Height of moving shelf 41 mm
- Loading capacity 30-40 kg
- Optional plastic bottom
- Finish: Chrome Plate

3. KA Drawer Runner
- The ball bearing runners guarantee smooth running action and high lateral stability
- Hardened steel ball bearings, enclosed in noise absorbing plastic, provide many years of reliable, maintenance free service in any application
- Available as partial, full or over extension runners

4. Cargo Shoe Rack (V)
- Easily mountable on carcase side
- Suitable for use on left or right side
- Can take minimum 6 pairs of adult shoes
- Additional space to keep related accessories like shoe polish & brush etc.
- Compatible with KA telescopic runners
- With 3 clip-on shoe racks
- Recommended internal carcase height 750 mm
- Finish: Chrome Plated
4. Cargo Midway Unit
- Create surfaces instead of filling gaps; the innovative midway system creates fresh design
- Highlights in modern kitchens and stands out with its intelligent functionality
- The midway system can be integrated into the kitchen in a variety of ways.

1. OrgaTray 440
- For general-purpose use
- Knife holder and/or spice rack can be added
- Surface finish: Silver

2. CargoPlus Thali & plate inlet
- Can take up to 16 regular sized plates
- Can take up to 7 regular sized thalis
- Less clutter noise as plate touches inlet at two places
- Order InnoTech separately
- Only for EB 9.5

3. Cargo Carousel
- Perfect corner solution, for carcase dimension 900 X 900mm
- Very stable as installed on a wooden self and easy to fit
- Three-quarter circle revolving shelves: melamine coated white wooden shelves with anti-slip
- Each shelf independent, with options to have odd or even numbers of layers
- 200kg load capacity rotating plate
- Railing: Chrome Finish

Technik für Mädel!
1. InLine XL
   - Top running sliding door system
   - Flush fitted door position
   - For wooden or aluminium framed doors
   - Door weight up to 60 kg
   - Door height up to 2600 mm
   - Door width 750 - 2000 mm
   - Door thickness 16 - 25 mm
   - Height adjustment, adjustable door panel and tilt adjustment

2. OrgaStore 810
   - Adapted to standard carcase widths
   - Customised widths can be produced by cutting the profile to size
   - Can be used for nominal lengths of 300 mm and over
   - Can be used for drawer side profile heights of 94 mm and 126 mm
   - Plastic elements, anthracite

3. Grant 1260
   - A heavy-duty folding door system for 1” minimum doors up to 175 lbs/door (80 kg/door)
   - Precision ball-bearing wheels for quiet, effortless operation
   - Conforms to ANSI/BHMA standards
   - Accepts full-size jamb doors

4. Shelf System Amari 200
   - With its linear, square profile, the Amari 200 shelf system combines design and functionality.
   - Specially developed adapters for the Quadro drawer runners from Hettich permit the use of pull-outs in Amari 200.
   - Two depths for wall mounting, the fact that aluminium profiles can be shortened and the variety of possible constructions permit an endless variety of combinations.
1. TopLine XL (3 Door)
- 2-track, top-running sliding door system
- Overlay door position
- For wooden doors or wood/aluminium-framed doors
- Door weight up to 80 kg
- Door height up to 2800 mm
- Door width 700 - 2000 mm
- Door thicknesses 16, 18, 19, 22, 25, 28, 40, 50 mm
- Height adjustment ± 2 mm
- Door height, door reveal and closing force can be adjusted

2. Cargo Trouser Pull Out
- Installed between carcass sides
- Trouser holder with non-slip profile
- Handle on both sides for easy pull out
- Compatible with KA telescopic runners only
- Finish: Chrome Plated
- Order KA telescopic runner & clamps separately

3. LitePipe
- Activated by motion sensor
- Can be individually cut to length
- Load capacity up to 40 kg/m
- Can be retrofitted into furniture
1. WingLine 770
- The perfect synthesis of high loading capacity, attractive design and fast installation.
- The folding door system simply hooks into the runner profile with guide rollers keeping it place.
- Quality that’s felt in every movement.
- Designed for doors weighing up to 20 kg.

2. Smart Tray
- The ideal place for valuables and confidential information.
- Drawer with Quadro full extension runner and Silent System
- Powder coated steel
- Lockable
1. **TopLine M**
- 2-track, top running sliding door system
- Overlay door position
- For wooden doors
- Door weight up to 35 kg
- Door height up to 2300 mm
- Door width 500 - 1250 mm
- Door thicknesses 15, 16, 18, 19 mm

2. **Slideline M**
- 1-track, bottom running sliding door system
- Overlay door position
- Wooden, glass or aluminium framed doors
- Door weight up to 30 kg
- Door height up to 2000 mm
- Door width from 300 - 1800 mm
- Shelf thicknesses 15, 16, 18, 19, 22, 25 mm
- Height adjustment +/- 2 mm
- Silent System in closing, opening and colliding direction
- Tool-less fast installation of the front panel
1. ArciTech internal drawer
- For standard carcass width.
- With premounted connectors.
- Strong enough for large, heavy drawers
- Loading capacities of up to 80 kilograms.
- Available in stainless steel, silver, white, anthracite or champagne colour finishes.
- Unequaled running action that speaks quality in high end furniture.

2. ArciTech
- Finish: Brushed stainless steel

3. ProDecor Handle: Kabura
- Finish: Brushed stainless steel
1. Sensys Hinge
   - Soft damped closing
   - Concealed latch simple, safe & reliable
   - Minimum door protrusion
   - Elegant cover cap for the hinge cup

2. Horizon Plus
   - HorizonPlus swivel fitting lifts the cabinet door horizontally out of the flush front and swings it to the side.
   - This function lends itself in particular to multiple-element cabinets where open doors are left positioned in front of adjacent carcase segments. Depending on cabinet design, HorizonPlus can be used on single or double doors as well as on corner units.

3. ProDecor Handle: Clivia
   - Finish: Anodised aluminium
1. OrgaStore 400
- For pot-and-pan drawer or internal pot-and-pan drawer with railing
- Crosswise railings and lengthwise dividers must be ordered separately
- It is recommended to fit an anti-slip mat

2. SlideLine M
- SlideLine M provides the capability of combining open and closed sections in furniture.
- The 1-track, close fitting sliding door system functions as a practical design element on living-room wall units, shelf systems, kitchen wall units and bathroom furniture.
2. SlideLine M
- SlideLine M provides the capability of combining open and closed sections in furniture.
- The 1-track, close fitting sliding door system functions as a practical design element on living-room wall units, shelf systems, kitchen wall units and bathroom furniture.

1. OrgaStore 230
- Can be used in any way by combining different dividing elements with the perforated base.
- Adapted to standard carcase width.
- Can be cut to any chosen length.
- Oak, matt, lacquered.
- Dividing elements must be ordered separately.
1. ArciTech
- Strong enough for large, heavy drawers
- Loading capacities of up to 80 kilograms
- Available in stainless steel, silver, white, anthracite or champagne colour finishes
- Unequalled running action that speaks quality in high end furniture

2. Narrow base unit
- Carcase height 750 mm max
- Carcase width 300 mm max
- Actro drawer runner is required on the left and right, mounted diagonally
1. Vertico Synchro
   - 1-track, vertically running sliding door system
   - Overlay or inset door position
   - For wooden doors or wood / aluminium-framed doors
   - Door weight up to 15 kg
   - Door height 300 - 600 mm
