After the stupendous success of kitchen design collection vol - I, we are now proud to present kitchen design collection vol - II.

This catalogue will provide you with a wealth of new ideas. It gives details of our products and illustrates practical applications. It will help you to improve your ability to plan, design and realize your customers’ dreams.

Behind each separate idea lies the strength of combined experience. We are a family-managed firm with a tradition of innovation and customer service going back over a 100 years. Remaining true to our origins, we offer our customers opportunities to increase their competitive advantage through our continuous innovation.

We operate throughout the world. This means we’re within reach wherever you need us. The consistently high quality of our products helps you to maintain your good reputation with your customers. Our reliability makes your planning easier.

We guarantee our products and services with our name and with all that it stands for.

Yours sincerely,

Team Hettich India
introduction

“If this business were split up, I would give you the land and bricks and mortar, and I would take the brands and trademarks, and I would fare better than you.”  
John Stuart, Chairman of Quaker (ca. 1900)

The tagline with the logo says it all, Hettich is Technology for Furniture. This is what we have been doing with great success for over 100 years, with presence in over 100 countries spread across 5 continents.

Our Brand Values - Quality, Innovation, Reliability, Closeness to Customers are what we stand for. All our actions are with the end user in mind. We want happy and satisfied customers at the end of the value chain, who guide our every activity.

With the right mix of innovation and continuity, Hettich offers its customers high value and reliable solutions that put life and movement into furniture.

In keeping with changing lifestyles, the kitchen too has undergone transformation; it is no longer just a place to cook. It is a style statement of the home-maker and is meant to offer convenience, ease and efficiency to the consumer besides being hi-tech and looking good. That’s why it’s so important to get efficiency molded into its design.

Hettich helps kitchen manufacturers make elegant, convenient and ergonomically designed user-friendly kitchens.

Imagine a kitchen where drawers open and close silently and effortlessly at the mere press of a hand or knee – EASYS. Or a new way of storage at eye level under the wall unit in the kitchen that provides a stylish and convenient access to crockery, jars, packets and more - COSARIO. Or wings attached to your drawer system for organized storage and easy access of small items/packets – ORGAWING. Or imagine not having to stand on a stool or stretch your toes to retrieve small items stored at the back of wall mounted cabinets at a height – CARGO IQ. These are just some of the UNIQUE solutions offered by Hettich for your kitchens.

With its vast experience of doing business with some of the world’s biggest and best kitchen manufacturers, Hettich is proud to present 20 contemporary and classic style patterns for your kitchen.

Hettich Furniture Fittings – German Quality you can trust.
InnoTech pantry cabinet
- Flexible hardware system for individual cabinet heights and widths
- Internal drawers/internal pot-and-pan drawers which are partly connected to the furniture front unimpeded access to the contents
- Easy to use: The user does not have to move the full weight of the storage
- Drawers/pot-and-pan drawers and internal drawers/internal pot-and-pan drawers can be individually organized
- High load capacity (depending on the Quadro drawer slides used)
- Ideal for retrofitting in larder cabinets and pantry cabinets

InnoTech preassembled internal pot-and-pan drawer-Basic
- Quick insertion and removal of the internal pot-and-pan drawer
- Toolless assembly/disassembly and convenient front panel adjustment

IPC - InnoTech pantry cabinet
Trends in Kitchen

Vertico Synchro
- One moment opens two doors
- Ideal for any part of the home as well as in offices, hotels, contract furnishing and shop-fitting
- For two vertical sliding doors moving in synchrony
- Inset or overlay configuration
- For wooden doors or aluminium framed doors
- Straightforward cabinet design
- Sets with pre-mounted mechanism

Bin.it Classic
- Capacity 5 and 13 litres
- For minimum cabinet widths 350 and 400 mm
- Can be fitted on the left or right
- Insert, plastic
InnoTech internal pot-and-pan drawer Exclusiv
- Quick insertion and removal of the internal pot-and-pan drawer
- No bottom panel machining
- Toolless assembly/disassembly and convenient front panel adjustment
- Perfect drawer action with Quadro partial or full extension; optionally with Silent System for closing quietly and gently

OrgaStore Basic
- For pot-and-pan drawers, 144 mm height/internal pot-and-pan drawers
- Designed for standard cabinet widths
- Can also be used for customised drawer widths by shortening the crosswise railing

OrgaTray Professional
- Designed for standard cabinet widths
- Organization can be tailored to personal needs using the variable dividers – set contains two dividers per compartment
- Environmentally friendly: made of fully recyclable polystyrene
- Antistatic, easy to clean
- Surface finish: silver

InnoTech powder-coated steel-silver
- Quick insertion and removal of the drawer
- No bottom panel machining
- Toolless assembly/disassembly and convenient front panel adjustment
- Perfect drawer action with Quadro partial or full extension; optionally with Silent System for closing quietly and gently - adapted to the thickness of the cabinet sides with 16, 18 and 19 mm

Moving Corner Comfort
- Swivel platform fitting
- Height adjustable knob permits ergonomic use
- Baskets at the back can be pulled out individually for outstandingly convenient operation
- For corner units with 450 to 600 mm front width
- Matching clip-on shelves and baskets
- Plastic-coated steel, silver

Electromechanical opening system easys for InnoTech
With, easys, pull-out elements open almost by magic. Gently push or pull any point on the drawer front and the drawer opens gently and noiselessly. If the drawer cannot be opened by hand, because both hands are occupied, wet or dirty, simply tap the drawer front with your knee, foot or hip to open it.
An electromechanical drive unit ensures that the drawer opens smoothly.
ProDecor handle-Touch-in

Touch-in provides freedom of design in shape and color. Ready to install, round and rectangular handles are available in brushed stainless-steel effect or polished chrome. Weather matching or contrasting - the trim panel can be coated in the color of the furniture front or covered with laminate in any preferred effect by the cabinet maker, interior designer and furniture manufacturer.

Dispensa

- Pantry pull-out with integrated dampened closure Silent System
- Compact, clearly arranged and easy to reach
- Contents can be accessed from both sides
- Part or full-extension
- Front can be adjusted in 3 directions

Sensys hinges

- Soft dampened closing from a closing angle of 35°
- Suitable for standard kitchen door formats
- Elegant cover cap for the hinge cup
- Concealed latch Simple, safe, reliable
- Easily fitted, naturally without tools
