## Stylish handleless look – outstanding high quality: Systema Top 2000 for handleless pedestals

### Uncompromising design

A new trend is taking pedestal design by storm – handleless fronts create a particularly homely, purist and high quality look. This is where form and function produce a compelling unit. The profile strip guarantees the familiar level of practical convenience with pull-outs opening from the side. Consistently high quality design is reflected in the exclusive use of over extension runners in combination with soft closing Silent System 40.

### Technical details in brief

- ▶ Particularly high quality Systema Top 2000 pedestal sets for handleless furniture design
- ▶ Set contains "Mosena" aluminium profile strip in the appropriate length
- ▶ Profile strip presses into drawer grooves at the side
- ▶ Quadro Duplex over extension runners with new 100 % synchronisation for particularly gentle and stable running performance
- ▶ With Silent System 40 for soft closing that adds particular emphasis to the quality feel
- ▶ With adjustable front panels – now also for the pull-out pencil tray
- ▶ For 600 mm and 800 mm pedestal depth
- ▶ Drawers either in black or aluminium look (please order separately; not part of the pedestal set)
- ▶ Pedestal either with 3 drawers or 1 drawer + 1 pull out file cradle
- ▶ 37 – 320 mm hole lines (standard pedestal 13 – 352 mm)
