Quadro V6 with Push to open

Runner for wooden drawers up to 16 mm drawer side profile thickness, full extension runner, slide on installation, load capacity up to 30 kg

- Concealed runner
- Long life steel ball bearing principle for smooth running performance
- Push to open - integrated system for opening in response to a light push
- Optional synchronisation lets drawers open even with a press on a front panel edge
- Catch with integrated height adjustment for easy slide on installation
- Optional pull-out shelf locating catch prevents it from moving back in again unintentionally
