

TopLine Grant XHD

- ▶ Sliding door system for rooms, door weights up to 227 kg

- ▶ Sliding door system for many different applications - as a connecting door between rooms, for closing off alcoves or for closing off walk in wardrobes
- ▶ Perfect integration into the design of a room from various design options, e.g. with the "Low Profile" option for narrow reveals
- ▶ Suitable for barrier free environments, without dangerous tripping hazards on the floor
- ▶ Ideal whenever perfect running performance and maximum convenience are called for
- ▶ Fast, easy and error free installation directly on the ceiling or a wall

Specification

TopLine Grant XHD from Hettich for room applications. One door sliding door system for connecting doors, closing off alcoves and walk in wardrobes.
