After 96 h salt spray test (ISO 9227 - NSS) or 72 h condensation water test (ISO 6270-AHT), the handles fulfill a corrosion protection rating of Rp and Ra ≥8 (corrosion-free area > 99.75 % according to evaluation acc. to DIN EN 17737 "Test and evaluation methods for corrosion resistance of furniture fittings". The handles fulfill the requirements of class 3 acc. to DIN EN 1670 (moderate resistance) for outdoor areas where occasional or frequent wetting by rain or dew may occur.

Hettich eShop:

Quickly find information and order straight away!

www.hettich.com/short/cc206a

Simply faster!

- Products, CAD data, planning information, assembly animations and instructions, online catalogues
- Search and filter function
- Your orders can be accepted and processed around the clock

Simply more efficient!

- Use the Favourites lists
- Fast data entry mask
- Compare products within product families
- Upload order files with just one click of the mouse

Be first to find our new deals!

- Browse our latest product range
- Instant availability check
- View delivery dates including shipment tracking
