

## Hettich Canada Launches New Online Shop

**Montréal, Québec – May 1, 2019** – It is with great pleasure that we announce the official launch of our new online shop on the Hettich Canada website.

The new e-commerce platform will provide customers with a user-friendly experience. The newly designed interface allows you to easily find and view products, drawings of our extensive product selections and product variations. The online shop allows for live transactions to be made and is functional on mobile devices and tablets, so you can enjoy your shopping experience anywhere and anytime.

Hettich Canada initially took the initiative to create a new and improved e-shop in February 2018. Our e-shop is the first platform at Hettich where orders can be made directly online by registered customers. Previously, product orders were made by contacting the Hettich Canada customer service team directly. Here, our team would check the product availability, product pricing and other details necessary for our client's to make a purchase decision. Evidently, a fully functional and mobile friendly online shop was long overdue. Now, our customers can order directly through our website.

We are very confident this welcomed update to our website will allow our valued partners and customers to experience a seamless and efficient shopping experience, whenever and anywhere they please.
