

ProDecor handle collection 2020

New design diversity for all furniture segments

Attractive handles make distinctive furniture design statements. And the new 2020 ProDecor handle collection now provides even more design flexibility: there are no fewer than 189 handles and knobs to choose from in 979 attractive versions. This allows cabinet makers, fabricators and retailers to enhance the look of their on-trend furniture concepts yet further in every segment.

On 136 pages, the new ProDecor catalogue presents the latest "Inspired by Life" product range with new models and materials in the four style worlds of New Modern, Deluxe, Organic and Folk. The New Modern collection impresses with its clear, futuristic look and cool feel for creating pure furniture fronts. In contrast, shimmering metals and majestic colours define the Deluxe style world for vibrant handle design. – Or would you rather go back to nature? In this case you will find what you are looking for in the Organic style world: this collection thrives on its organic shapes and the natural looking, rough surfaces. Finally, the Folk collection picks up on traditional forms and colours. This is where you will discover furniture handles full of character in a variety of opulent patterns, soft surfaces or snazzy used look, with each one telling its own story.

In the catalogue's service section, customers will find matching accessories and assistance on how to use them. Practical too is the illustrated catalogue index, clearly sorted by material groups: this makes it very easy for you look for items.

Online services: from inspiration to turning ideas into reality

The newly designed ProDecor product page at www.hettich.com shows all information on the 2020 ProDecor handle collection either in PDF format for downloading or as an online flip page catalogue in German, English, French and Dutch. The Hettich eShop with its convenient ordering function also provides comprehensive information on items. Each handle and knob model is also displayed there on seven different furniture fronts. This provides an impression of the different effects they have.

The following picture material is available for downloading from the "Press" menu at www.hettich.com:

About Hettich

Hettich was founded in 1888 and is today one of the world's largest and most successful manufacturers of furniture fittings. Over 6,700 members of staff in almost 80 countries work together towards the objective: developing intelligent technology for furniture. With it, Hettich fascinates people across the globe and is a valuable partner to the furniture industry, retailers and the trades. The Hettich brand stands for consistent values: for quality and innovation. For reliability and closeness to customers. Despite its size and international significance, Hettich has remained a family owned business. Being independent of investors means that the company has a free hand in shaping its future with a focus on the human element and sustainability. www.hettich.com
