

Intelligent and securely organised

SmarTray pencil tray system

Modular and compact, the talented *SmarTray* organiser from Hettich is just as much at home below the desk top as it is in any cabinet. In the lockable version made of steel, *SmarTray* is the ideal place to keep valuables or confidential matter. *SmarTray* in plastic is practical for items that need to be in easy reach.

SmarTray impresses with its high quality material and finish as well as user friendly features, such as Push to open or self closing with Silent System. Numerous design options in terms of housing colours and heights as well as a choice of steel or plastic make it suitable for all sorts of different uses. Taking up little space, the added value is all the greater.

SmarTray Steel

The housing of *SmarTray* Steel can be integrated below the desk top or in a cabinet. *SmarTray* Steel is available in modern white or classy anthracite, 50 mm or 75 mm high, with or without cassette. Mounted on *Quadro* full extension runners with Silent System, the pencil tray can be pulled open all the way, making it very easy to keep large items, like notebooks. *SmarTray* comes with cable entries for securely recharging electronic devices.

SmarTray Plastic

The pencil tray in high quality plastic is available in the three housing colours of white, black and aluminium look as well as in heights of 40 mm and 60 mm. The *Quadro* partial extension run-
