

## **Stop Control Plus for drawers**

### **Furniture locking systems from Hettich**

The *Stop Control Plus* locking system makes drawers a safe place for confidential documents and valuables. Besides protecting items from unauthorised access, safety also plays a key part from the aspect of preventing furniture from tipping over as more and more of it is nowadays free standing.

#### **Protects valuables and personal belongings**

In the office and shop fitting, locks and locking system for furniture are part of the everyday norm. But in the home as well, locking drawers makes sense when it comes to keeping valuable items and personal belongings. Using *Stop Control Plus* with central locking, the entire piece of furniture is locked with the turn of a key.

#### **More safety for free standing and mobile furniture**

*Stop Control Plus* with roll-out block offers improved tilt protection for free-standing and mobile furniture. The roll-out block prevents more than one drawer from being opened at the same time.

#### **A system with clever additional functions**

*Stop Control Plus* can be used with the Hettich *ArciTech* and *InnoTech* drawer systems as well as with wooden drawers on *Quadro* drawer runners. For furniture with an outer width of up to 600 mm, it is sufficient to provide one sided locking on the right hand, inner carcass side. In the case of wider furniture, locking bars should be mounted on both carcass sides. The locking bar
