SysLine S, top-running sliding door with optional damping
(Our test report no. 21206357_002)

Dear Mr. Mainz,

Herewith we confirm that the laboratory tests of the fitting „Sysline S“, top-running sliding door with optional damping, were carried out with positive results.

This statement refers to the tested product only. The life-cycle test was carried out with 40,000 operations.

The test basics took place under consideration of valid standards for fittings and furniture DIN EN 15706:2009-08, DIN EN 14749:2005-11, DIN EN 14074, DIN 14073-2/-3 and DIN Fachbericht 147:2006.

The test was conducted on a sliding door cabinet with two inside doors with a weight of 15 kg, dimension of each door 1080 x 790 x 16 mm (height x width x thickness).

The tested product „fitting for sliding doors“ fulfills the requirements on functionality and safety for the application area living rooms, bathrooms, youth and children rooms as well as kitchens, offices and contract areas.

Best regards

i. V. 
Berthold Heinz
