## SECTION 08 71 00

### SLIDING AND FOLDING DOOR HARDWARE - HETTICH GRANT

#### **PART 1 GENERAL**

##### **1.01 SECTION INCLUDES**

- A. Product requirements for hardware for sliding and folding doors.

##### **1.02 REFERENCED STANDARDS**

- A. BHMA A156.14 - American National Standard for Sliding & Folding Door Hardware.
- B. Hardware Manufacturers Association; 2013. (ANSI/BHMA A156.14)

##### **1.03 SUBMITTALS**

- A. Submit under provisions of Section 01 30 00
- B. Product Data: Submit manufacturer's product data, details, and installation instructions for all material provided in this section.
- C. Shop Drawings: Show layout, components, track mounting and support, anchorage details, and adjoining interface construction.

##### **1.04 PRODUCT HANDLING**

- A. All materials will arrive in the manufacturers packaging, sealed and labeled.
- B. Hardware and track shall be protected from damage and stored in a dry, well ventilated area. Keep products stored in manufactures packaging until ready for installation. Immediately report any damaged material to carrier and note said damage on the carrier's freight bill.
- C. Precautions shall be taken to protect product during construction. Do not install damaged goods. Damaged goods must be replaced.

##### **1.05 WARRANTY**

- A. Provide manufacturer's limited lifetime warranty covering defects in materials and workmanship and limited to repair or replacement of defective product.

## **PART 2 PRODUCTS**
