

Positive changes for Hettich Canada

Hettich appoints new management team member to support growth strategy

Montréal, Québec - January 28, 2019 – To fast-track our rapid growth strategy in Canada, Hettich has made some recent changes to the management team structure.

We are very pleased to announce the appointment of Martine Trudel. Martine CPA CA recently joined the Hettich team in November 2018 as the new Controller and Human Resources Manager.

Martine will play a significant role in developing and increasing the accounting and human resources functions at Hettich Canada as well as building effective business communication bridges with corporate controlling in Germany. In the Controller role, she will oversee all financial and accounting activities, and in the HR Manager role, she will work with the team to focus on key areas such as policy and procedure compliance as well as the development and the implementation of new HR practices.

Martine will report directly to Rene Dionne, President of Hettich Canada, and will be part of the Canadian management team.

Throughout her career, she has worked in different industries such as specialized packaging, freight, perfumes and cosmetics. Martine is a multi-task manager who is dynamic and passionate and has a great sense of priority. Martine brings a wealth of knowledge and experience to the table, and we are very excited to have her in our team.

Please join us in giving to Martine Trudel a warm welcome to the Hettich team. Let's wish her luck and success in her new role and in this next chapter of her professional career.
